- Grade 304 satin stainless steel
- Optional CoastGuard™ coating
- Suits schools and public amenities

about

The *BRITEX Stainless Steel Wall Mounted Drinking Fountain* is a practical fixture, suitable for a range of project applications. It is supplied complete with a heavy duty push button bubbler, wall bracket, waste outlet and incorporates a recessed area around the bubbler to help minimise any potential water run off. An extended splashback model (DWH-U) can be selected where required. Manufactured from commercial grade 304 stainless steel. Britex CoastGuard™ - a clear coating option that protects against the onset of tea staining (surface discolouration) caused by salt air - is recommended for installations near the ocean.
